

No Show and Late Cancellation Policy

Please note that Peak To Peak Pickleball Club is a non profit organization, run completely through volunteer efforts. We try to keep play opportunities running simply and smoothly, making it fun for everyone (including our volunteers).

Our play events are very popular, filling up quickly, along with a waitlist for back up players. These events rely on full participation of those signed up, as tournaments, casual round robins & ladders are planned ahead of time according to a specific number of players. If you sign up to play and are fortunate to get a spot, it is your responsibility to be there for the play event through it's entirety. If you cannot make this commitment, it is your responsibility to inform the volunteer overseeing the event immediately, so the waitlist can be contacted.

If you fail to follow this policy the club reserves the right to deny you future play opportunities. Signing up for Peak To Peak Pickleball events acknowledges your agreement with this policy.
